Car Care program

Interior Care

Car cosmetics from the Škoda Genuine Accessories line quickly remove all stains – making your car's interior fresh and clean once again.

Dashboard care

000 096 307D

The Dashboard care cleaning agent preserves and cleans the vehicle's interior plastic coverings and panels. Simply apply the emulsion treatment across the entire surface of the dashboard to re-establish colour and shine – while keeping dust, dirt, and water at bay.

All in one – universal cleaner

000 096 301C

All in one – universal cleaner is a universal spray for car interior cleaning. It removes dirt, nicotine residues and stains from glass, seat overlays and rubber and plastic components consistently.

2-in-1 display cleaner

000 096 311T

Compact 2-in-1 cleaning agent with an in-built spray to effectively wipe and clean your car's display. Made with a special textile to make sure your glass stays shining and scratch-free.

Refill pack – 2-in-1 display cleaner

000 096 311AA

200 ml refill liquid for display cleaner. The refill bottle has an easy to use refill nozzle.

Wheel Care

Keep your wheels in perfect shape – even in imperfect conditions. Accentuate your vehicle's elegant, sport infused spirit with spotless, clean wheels.

Wheel rim cleaning gel

000 096 304C

Rim cleaning gel is an intensive cleaning agent for removing standard dirt such as brake abrasion residues, pigment dirt, etc., which can be removed from wheel rim folds only with difficulties.

Seasonal Care – summer

Products from the Škoda Genuine Accessories line protect your car against the negative impacts of summer weather – keeping it clean inside and out.

Screen wash additive 1:100 – summer

000 096 311E

Glass cleaning 1:100 concentrate is a highly effective agent to be filled in the windscreen washer tank. It removes dusty dirt, insect traces as well as greasy deposits without smudges during several seconds without any damage of body paint or plastic components of the car.

Insect remover

000 096 300C

Insect removing agent is an effective agent for removing insect residues, pollen deposits or bird droppings from windows, body and plastic components of the car.

Car Care kit – summer

000 096 356B

The benefit of the sponge consists above all in its composition / soft surface which will not damage car paint in any way and also a harder sponge core which can get to insect residues on the body and remove them reliably after depressing.

Škoda Genuine Accessories are offered by Škoda as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and Škoda Auto reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your Škoda Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. Škoda Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
