Highlights

Big family

- Plug-in hybrid drive for the first time in a Kodiaq
- System specifications:
- All-electric range of more than 100 km
 - DC charging
 - A three-phase permanent magnet synchronous electric motor is built directly into the gearbox

Kodiaq iV

All-wheel drive

- The only model in the ŠKODA range to offer seven seats
- Three-row seating configuration
- Two seats in the third row
- The luggage compartment, with the third row of seats folded flat into the floor, still offers plenty of space - 845 l

- Uses an electrohydraulically controlled inter-axle multi-plate clutch in conjunction with a range of sensors and can redirect up to 100% of torque to the rear axle
- Comes exclusively with the most powerful petrol and diesel powertrains
- Model-specific driving modes: „Snow“ and „Offroad“
